FYI. I requested that they resubmit the modeling files with the extension .piz, since our system rejects .zip files. I also created a docket folder on the I drive and saved this to the Needs to be uploaded folder.

Subject: REVISED Permit Application for a Modification to Newfield Well Pad Mamie 4-25-3-3WH

Hello Claudia,

Please see the attached Revised Permit Application (Form NEW) and submittal cover letter for a proposed modification to Newfield's well pad Mamie 4-25-3-3WH. A revised dispersion modeling analysis was completed as part of the Air Quality Review and the modeling files are also attached to this email. This revision includes revised oil production estimates and updated emission calculations. If you have any questions or require additional information, please contact James Woodall (281-674-1588, jwoodall@newfield.com) or me.

Thank you,

Eric
